Re: Request under the Commercial Availability Provision of the Dominican Republic-Central America-United States Free Trade Agreement Implementation Act

Denim Classifiable Under HTS Subheading 5209.42.0020

Dear Mr. Priest:

On behalf of American Design Industries, Managua, Nicaragua, and pursuant to the provisions of Section 203(o)(4) of the Dominican Republic-Central American-United States Free Trade Agreement (“DR-CAFTA”) Implementation Act (“the Act”) and the Federal Register Notice of March 21, 2007 published by the Committee for the Implementation of Textile Agreements, we submit this request regarding a modification to the list of fabrics, yarns and fibers not available in commercial quantities in a timely manner in the countries of the Dominican Republic-Central America-United States Free Trade agreement, and request that the subject fabrics be placed on a timely basis on the list in Annex 3.25 of the Agreement.

DETAILED PRODUCT INFORMATION

The fabric in question is denim classified under HTS subheading 5209.42.0020 in which the complete fabric specifications are shown in the accompanying Attachment.

QUANTITY

American Design Industries requires that ** linear meters of the subject fabrics, be delivered to its facility within ** days of the date of this request. American Design Industries wishes to use the fabrics in Nicaragua for the production and subsequent export to the United States of apparel items.

DUE DILIGENCE

We have contacted all textile mills in the Cafta DR region known to us to make fabrics similar to the subject fabrics and listed in detail in the Otxa website. None has indicated an ability to or interest in supplying these fabrics. We also contacted the three associations representing the U.S. textile industry and neither they nor any of their extensive number of members has communicated to us any interest in supplying the subject fabrics. We contacted all US Suppliers under the OTEXA US Supplier directory website database for Apparel Fabrics in

As a result of these inquiries, American Design Industries is firmly of the conviction that the subject fabrics are not available in the region.

SUBSTITUTABLE PRODUCTS

No fabrics which differ from the fiber content, thread counts and plied yarn sizes set forth in the Attachment. Fabrics not satisfying all of these criteria are not substitutable for the subject fabrics. No fabric which differs from the specifications set forth in the Exhibit is substitutable for the subject fabric and will not be accepted by American Design Industries or, more importantly, its customer.

If you have any questions or require further information with regard to this request, please contact Luis Carlos Mantica at (505) 88-58110 or *via* e-mail to American.design.industries@gmail.com.

Sincerely,
